State Highway Construction		6412 49	6344 53		67 96
Transportation High School Scholars		979 75	1000 00	20 25	
High School, Teachers Salaries	3207 98				
Janitors	202 50				

Fuel	451 00	3861 48	3250 00		611 48
Common Schools, Teachers Salaries	7200 00				
Janitors	467 49				
Fuel	1021 25				
Transportation	583 50	9272 24	9084 22		188 02
School Supplies and Apparatus					
High School	8 51				
Common Schools	389 56	398 07	350 00		48 09
Repair School Houses		478 33	500 00	21 67	
Soldiers' Bronze Tablet			500 00	500 00	
Medal			150 00	150 00	
Civil War Monument			50 00	50 00	
Land, J. M, Davis, Gravel			260 00	260 00	
Superintendent Schools Salary		493 75	450 00		43 75
		\$46742 93	\$45704 50	\$1670 00	\$2708 43

The overdrafts for the year total \$2,708.43. As may be seen in the report of the Superintendent of Schools the overdrafts on account of schools amounts to \$891.32 appropriations on this account being insufficient by that sum to meet the demands of the schools in 1919

The principal overdraft in the Department of the Selectmen is on account of Highways, Roads and Bridges. This was caused chiefly in taking care of and cleaning the Highway at Wells Beach, during and after the big storm of Nov. 7 and in keeping the Kennebunkport Road in passable condition during the work on the Iron Bridge so-called at the Elms

- \*1 There is \$66.00 due the Town as will be seen in the resources from the Estate of Sarah Jeffords
- \*2 There is \$100.00 worth of plank on hand as will be seen in the resources
- \*3 There is \$130.00 worth of coal and paint on hand as will be seen in the resources
- \*4 There is \$750.00 due from the State to be used on the Island Ledge also 750.00 due in 1920 if we raise a like amount
- \*5 State Cr. Town to balance
- \*6 There is \$88.40 worth of tar on hand as will be seen by the resources

Respectfully submitted,

JAMES E. BREWSTER

GEORGE C. LORD

WILLIAM G. COLBY

## Auditor's Report

---

The foregoing reports of the Selectmen, Treasurer and Collector of Wells for the fiscal year 1919 have been examined by your auditor, who finds them correct and properly vouched and respectfully submits the following report:

The Selectmen have drawn on the Treasurer 1556 orders amounting to \$46,742.93. Of these the Treasurer has paid during fiscal year 1508 orders amounting to \$45,828.16. There were 48 orders of the issue outstanding Feb. 2, 1920 amounting to \$914.77.

### OUTSTANDING ORDERS FEB. 2, 1920

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Wells:—

Fellow Citizens:—Your Superintendent respectfully submits his fifth annual report of the condition, progress and needs of the Schools of Wells.

### TEACHERS

The following teachers have served in the schools of Wells since Sept. 1919.

Division No. 1,	Edith Mitchell
“ “ 2 (Primary)	Phyllis Littlefield
“ “ (Grammar)	Marion Pickering, Lincoln, Me.
“ “ 3	Edith Adams
“ “ 4	Lola Meader, No. Berwick
“ “ 5 (Primary)	Edna Shorey
“ “ (Grammar)	Elsie Hutchins
“ “ 6	Rosalynde Hutchins
“ “ 6	Grover Cheney
“ “ 7	Louise Gray
“ “ 8	Nellie Bedell
“ “ 9	Jessie Davies, Gray, Maine
“ “ 10	Marion Davis
“ “ 12	Louise Bronson
“ “ 14	Alberta Roberts, Gray, Maine.
“ “ 16	Hazel Peacock, Readfield, Me.,
“ “ 17	Marion Ridley

### HIGH SCHOOL

Paul H. McIntire, Principal

Merrill Bigelow, Augusta Me., Sub-master

Eva Hammond, Kennebunk, Me., Assistant.

## **CHANGES IN TEACHING FORCE SINCE SEPT. 1919.**

At the end of the fall term Miss Roslynde Hutchins resigned her position as teacher in Div. No. 6. Mr. Grover Cheney is now teaching in this school.

The school in Div. No. 7 became so small at the end of the fall term that it was discontinued for the winter. The children in this division have been provided transportation to Div. No. 9.

## **HIGH SCHOOL**

At the end of the school year in June 1919, the course in Agriculture was discontinued in the high school excepting a brief elementary course in the fundamentals of agriculture which is now offered. In place of this course we have made extensive additions to the Commercial Work. We are now giving, in addition to the Commercial work as outlined last year, courses in stenography and typewriting. The pupils have taken up this new work with much enthusiasm and interest. We are confident that the Commercial Work now offered in our high school will be of much practical value to large numbers of pupils.

I call your attention to a special report on the high school work by the Principal, Paul H. McIntire.

## **REPAIRS**

Extensive repairs have been made upon the Grammar school building at Wells Corner during the past year. For many years the children who have attended this school have suffered from insufficient light. During the fall term Mr. H. A. Allen, State Agent for rural schools, visited Wells and inspected nearly all the school buildings in town. He advised placing more and larger windows on the North side of the grammar school building. In accordance with his directions these windows were installed. By means of these additional windows the gen-

eral appearance of the room has been greatly improved and the health and comfort of the pupils has been safeguarded. Repairs were also made upon the laboratory in the high school building. The old table was repaired and a new sink and additional drawers were installed. Both the laboratory and the walls of the Grammar school building were painted. Other repairs of a general nature have been made upon the various school buildings throughout the town.

## EDUCATIONAL CONDITIONS THROUGHOUT OUR STATE AND THE UNITED STATES

The problem of providing adequate instruction for the young people of our State and of the United States has constantly grown more serious during the past year.

Philander P. Claxton, United States Commissioner of Education reported recently that there are twenty thousands of schools, in the United States, which are closed because there are no teachers available for them. He further reports that forty one thousands of schools are now taught by teachers who are not qualified to serve as instructors. Dr. A. O. Thomas, State Supt. of Schools in Maine reports that there are from ninety to one hundred schools in Maine closed because of the scarcity of teachers. From these facts, which are based on careful investigation, we can form some idea of the magnitude of the problem which confronts us in providing adequate instruction for the young people in our town. The abnormally high wages paid unskilled laborers during the past few years has caused many teachers to enter other fields of activity in which the temporary remuneration is greater. It is also a recognized fact that very few young men and women are now preparing themselves for the work of teaching. These conditions are only the natural, inevitable results of the exceedingly small salaries paid teachers in past years. Strenuous efforts have been put

forth by our State Supt. of Schools during the past year to secure substantial increases in the salaries of teachers in our State. As a result of these efforts and of the conditions which have confronted us during the past year the advance in teachers salaries in our State has been much greater than in former years. American public school teachers are now in a position to demand rights that have long been denied them. We may reasonably expect an unprecedented increase in teachers salaries during the coming year. The problem that now confronts us in this, shall we prepare to pay the salaries necessary to provide competent teachers for our schools during the coming year or shall the schools be closed?

Mr. Claxton reports that at present there are hundreds of thousands of young children in this country growing up without the influence of the American school because teachers are not available under present conditions. Shall we as a Nation permit these conditions to continue. I appeal to the loyalty and patriotism of the citizens of this town that we may do our part in freeing the coming generation from the menace of ignorance and false education that now threatens our national life.

### **THE STATE EQUALIZATION FUND**

Attention was called last year to the State Equalization Fund, consisting of \$50,000 set aside from the State school funds for the purpose of aiding towns in which the rates of taxation are above the average tax rates in the State. Since last spring a second equalization fund of \$40,000 has been created to assist in promoting the efficiency of high schools in towns that have high rates of taxation. Very recently the legislature of the State of Maine appropriated 100,000.00 to add to the equalization fund for Common Schools, thereby increasing the same to \$150,000.00 per year. The total of the equalization funds for both high and common schools now equals \$190,000.00 per year.

The rates of taxation which served as the basis for the distribution of the Common school equalization fund for the past year are as follows:—

Common School Rate	.00433
--------------------	--------

Municipal Rate	.02898
----------------	--------

The rates of taxation for the town of Wells which were considered in making apportionments from this fund during the past year are the following:—

Common School Rate	.0024
--------------------	-------

Municipal Rate	.0240
----------------	-------

It can be plainly seen from these rates that the school tax rate in Wells is exceedingly low, being only about one half the average rate for the State. The Municipal tax rate in Wells is .00498 below the average for the State.

Of all the Counties in the State of Maine York County has the lowest school tax rate. With only one exception the Municipal tax rate in York County is the lowest of all the Counties in the State of Maine. Furthermore, not only are the tax rates in York County very low as compared with the other Counties in the State but of the twenty eight towns in York County seventeen of those towns have a municipal rate higher than said rate in the town of Wells.

These figures indicate plainly that before we can qualify for State Aid from the Equalization Funds the appropriations for school purposes must be extensively increased.

The conditions in our State and Nation are such that large increases in expenditures for schools will be made during the coming year.

This matter is receiving nation wide attention at this time.

If the town of Wells can qualify to receive the maximum amount of State Aid for our schools we can employ competent teachers, otherwise it will be impossible.

It seems unwise for any small town to carry a burden which the State is willing to carry. Hence this matter

will be more fully explained at the annual town meeting and we trust that the town will avail itself of the special aid that the State is offering at this time.

### **RECOMMENDATIONS OF THE SUPERINTENDING SCHOOL COMMITTEE FOR THE ENSUING YEAR.**

Before making recommendations for the coming year the School Committee has made careful computation of the amounts of money necessary to meet the needs of the schools without overdrafts. Under conditions which exist at the present time it is impossible for any man or body of men to forecast with absolute accuracy either prices or wages. The following recommendations of the School Committee are based on the most reliable information available:—

Common Schools	\$7400 00
High School	3800 00
Text Books	500 00
Supplies	600 00
Repairs	500 00
Superintendence	700 00

### **IN GENERAL**

One source of great loss to the schools of our town is the too frequent changing of teachers. The inducements offered to teachers to remain in service are so extremely small that few teachers remain in the service of the town more than a year and many teachers serve only one or two terms. The evils resulting from such conditions are quite evident, one or two terms or even a year is hardly sufficient time for a teacher to acquire adequate knowledge concerning the pupils in her school and the conditions in the community in which she works, so that she may render her most efficient service. It is only after the teachers secures the co-operation and assistance of Her pupils and their parents that she can get the best results from her efforts. It is exceedingly important that such

conditions may be brought about that we may be able to secure and maintain for a term of years the services of competent teachers.

In conclusion I wish to express my genuine appreciation of the hearty support of the Superintending School Committee, the faithful service of teachers and the loyalty of the citizens of the town.

Respectfully submitted,

CHAS. A. RUSH, Supt. of Schools.

Wells, Me., Feb. 24, 1920.

## REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

To the Superintendent of Schools:

It is with pleasure that I submit to you my second annual report of the work of the High School.

Since my last report, the school has graduated sixteen students, eight boys and eight girls. Of this number two have entered college and are doing good work there; two more plan to enter next year; two are taking post-graduate work in other preparatory schools, and two are engaged in teaching. There are nine candidates for diplomas in the present senior class. Some of these plan to pursue their studies further.

The enrollment during the present year has been smaller than it has for the last few years-due to the large graduating class in June last, and the comparatively small entering class. The enrollment by classes is as follows:

Seniors (1919)	9
Juniors (1920)	6
Sophomores 1921	19
Freshmen 1922	10

---

Total 44

The average attendance for the Fall Term ending Dec. 19th was 42.

We have the same number of teachers on our staff as last year, but two changes were made at the beginning of the year. Mr. Merrill A. Bigelow of Augusta, Maine, a graduate of Colby College, has charge of the Science and Mathematics departments; Miss Eva A. Hammond of Kennebunk, Maine, a graduate of Boston University, has the Language and Business courses. The Principal still has the English and History.

This year it seemed advisable to discontinue the Agriculture course, and we have inaugurated a business course in its place. This course, at present, consists of one year each of Stenography and Typewriting. This is proving a very popular course, and the students are showing a keen interest in the work. This course, it seems to me, is not only popular, but very practical. The secondary school, if it fulfills its mission, should develop, in so far as it is able, those students who cannot attend or do not plan to attend college, for some vocation by which they may earn their living and fulfill their duty to society. I consider the Business course one which should have a stable place in our curriculum. But, in order to conduct the course properly; in order to give the students better preparation, and actual practice as well, it should extend over a period of two years, instead of one. To do this, we would need a fourth teacher and more equipment. With a faculty of three, and with the number of subjects taught, it is not possible to arrange a schedule so that the work in Typewriting can be done under the supervision of the teacher. Practically all the work in this subject has to be done in groups while the teacher is conducting other classes. Such a method results in carelessness and slack habits on the part of a number of the pupils, and much less efficient work on the part of all. At present, we have no adequate place for conducting the Typewriting class. The machines are set in the upper hall, where there is more or less confusion during the moving of classes from one room to another. I would strongly urge

that the present Chemical Laboratory be moved down into the basement, where a room could be fitted up for it, and the room which is now the Laboratory be fitted up for the Business course. This would necessitate the purchase of at least three more typewriters and six or eight desks. In addition to the present studies in the course we should add Commercial Law, and make the Bookkeeping a full year course. If this were done, and a fourth teacher added to the staff, we could have an excellent course which would fit many of our girls to become stenographers or bookkeepers, and give our boys a clear insight into business and business methods. It seems to me that thus, and thus only, can this course be made a success.

In addition to this course, I would call your attention to the course in Civics which was begun this year, and is being taught by the Principal. This course is probably the one in which the students have shown the most interest—not because it is new, but because it appeals to them. This course differs from the old courses in Civil Government in this respect: It is designed to develop in the student those qualities whereby he will act well his part as a member of neighborhood, town or city, State, and Nation, and give him a basis for understanding international problems. Such a course should be in every high school and every student should be taught to love, honor, respect, and help promote the great ideals of America. Too many students in the past have been graduated from the secondary school without knowing anything definite concerning the history and government of town, state and nation; the qualities which make for good citizenship; the duties which they owe society, etc. This course, while it gives adequate time to theoretical and text-book study, places equal emphasis upon the practical. For example, the class conducts a town meeting, electing all officers, and voting upon all matters which might come before such meeting. Besides, the class is

so organized that the work of a particular day could be carried on in the absence of the instructor, except as an advisor.

One other new feature of our curriculum needs to be noted. This year, for the first time, we have devoted approximately an hour a week to the discussion of current events. This is required of all students, whereas in years past, where it has been required at all, it has been of only one class. Our aim is to stimulate the students' interest in acquainting themselves thru intelligent reading of good magazines and newspapers with events which are going on at the present time. To aid in this work we have had a daily paper and a weekly magazine added to our reference table.

These are the only changes made in our curriculum this year. We are using the same system of grading, or ranking, that we used last year. We have the same high standards of work, and I am happy to say that I think we are coming much nearer attaining them. As proof of this, the work of the first nine weeks of the present year was fully 10% better as a whole than the average work of last year. The interest which the students show in their work is keen and genuine, while the atmosphere and spirit of the school is noticeably improved. I can conscientiously say that I feel we are doing the best we possibly can under the present conditions.

The High School should be constantly progressing, doing its utmost to fit boys and girls to become good citizens and preparing them just so far as it can to fill to the best of their ability the place which society has for them. It is with this in mind that we have begun the two courses which have been mentioned. And I would call your attention to two other courses which Wells High School greatly needs.

The first is a course in Household Arts or Domestic Science which, I am almost certain, should be required, at least in part, of all girls. Our girls are to be the

future home-makers in one community or another, and I firmly believe it is our duty to prepare them. In so far as we are able, for this task. A course is needed embracing the following subjects: Cooking, Sewing, Household Chemistry, Household Physics, and Home Management.

The second course needed is one in Physical training, for both boys and girls. The war showed with appalling vividness, the need of building up, not only the minds of our students, but their bodies as well. I believe that at least once a year, preferably at the beginning, a physical examination should be given every student; that the student should be required to take a certain amount of carefully directed exercise daily; and that proper bathing facilities should be provided so that such exercise could be followed by the shower bath. Experience has proved that such exercise has a marked and beneficial effect upon the student's ability to adapt himself to his studies. I would call your attention to the fact that the state will pay half of a Physical Instructor's salary up to any amount.

But, you may say, we cannot afford all this. I do not expect that all this can be done at once. It must be done gradually. We should have always in mind an ideal high school, and labor continually to accomplish that ideal. If the town of Wells can afford a High School at all, it ought to afford a good one. The High School is endeavoring with insufficient funds, with a much too small teaching force, with a poorly arranged and poorly equipped building to improve the greatest asset the town of Wells has. Roads, bridges, etc. are little when compared with the young life which is growing up. And the opportunity to give these young people the best that we can knocks at our door but **once**.

Our ideal should be a high school building accommodating about 200 pupils with as much and as good modern equipment as we can supply, a faculty of as good teachers

as we can employ, and a six-year school-Junior and Senior High. Lest this last be not understood, I will say that what is meant is the combining of the 8th and 9th grades with the present High School, and arranging a 6 year curriculum, so that the uncertain jump from grammar to high school will be avoided, and the high school mortality lessened. This has many advantages over the present system, but space forbids mentioning them.

This idea may seem to be a vague dream, but if it could come true it would be one of the greatest things that has happened to Wells for many a day. It may be said that such an ideal is too lofty for a school no larger than Wells High. In answer to this I would remind any who might raise such objection, that Sodom would have been saved from destruction if ten righteous persons could have been found there, and the same value should be placed upon secondary school students. If there were only ten students of high school age in the town of Wells, they should be given the best education to be had, either here or somewhere else. In venturing to bring this ideal before you, I am speaking only for the interest of the people of Wells and the welfare of the young people in whom I am intensely interested.

I wish to thank all—citizens, parents, Superintendent and School Board—for their interest and cooperation during the past year.

Respectfully submitted,  
PAUL H. McINTIRE, Principal.

# Warrant.

To Ralph B. Parker a constable of the Town of Wells in the County of York

## GREETING:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said Town of Wells qualified by law to vote in Town affairs to meet in the Town Hall in said Town on Monday the 22nd. day of March A. D. 1920 at ten o'clock in the forenoon then and there to act on the following articles to wit:—

First:—To choose a Moderator to preside at said meeting.

Second—To see if the Town will vote to have one or more than one Road Commissioner.

Third—To choose a Town Clerk, three Selectmen, Assessors and Overseers of the Poor, Town Treasurer, and Collector of Taxes, Town Agent, one member of the Superintending School Committee for three years, one Auditor of Accounts and other necessary Town Officers for the ensuing year.

Fourth—To see what sum of money the Town will vote to raise for the Support of Poor and other incidental Town charges for the ensuing year.

Fifth—To see what sum of money the Town will vote and raise for support of Common Schools for the ensuing year.

Sixth—To see what sum of money the Town will vote and raise for text books for the ensuing year.

Seventh—To see what sum of money the Town will vote and raise for School supplies and apparatus for the ensuing year.

Eighth—To see what sum of money the Town will vote and raise for a Free High School for the ensuing year

Ninth—To see what sum of money the Town will vote and raise for the repairs of School Houses for the ensuing year.

Tenth—To see what sum of money the Town will vote and raise for the maintenance and repairs of Highways, Roads and Bridges for the ensuing year.

Eleventh—To see if the Town will vote yes or no on the question of appropriating and raising money necessary to entitle the Town to State Aid as provided in section 19 of Chapter 25 of the public laws of 1916.

Twelfth—To see if the Town will appropriate and raise the sum of \$732 for the improvement of the section of the State aid road as outlined in the report of the State Highway Commission in addition to the amount regularly raised for the cares of ways, highways, and bridges, the above amount being the maximum which the town is allowed to raise under provision of section 18 of Chapter 25 of the Public Laws of 1916.

Thirteenth—To see if the Town will vote yes or no on the question of appropriating and raising money necessary to entitle the Town to additional aid and a bonus of 25 per cent as provided in section 21 Chapter 25 of Revised Statutes of 1916.

Fourteenth—To see if the Town will appropriate and raise the sum of \$3,660 for the improvement of the section of the State aid road as outlined in addition to the amount regularly raised for the cares of ways, highways, and bridges the above amount being the maxium which the town is allowed to raise under provision of section 21 chapter 25 of the Revised Statutes of 1916.

Fifteenth—To see if the Town will vote to raise \$250.00 or more for the purpose of resurfacing and tarring a portion of the State Aid Road beginning at the Trunk line and running towards Sanford, Maine.

Sixteenth—To see what sum of money the Town will vote and raise for defraying the expenses of breaking down snow.

Seventeenth—To see if the Town will vote and raise a sum of money to replace the bridge on the Drake's Island Road.

Eighteenth—To see if the Town will vote and raise the sum of \$750.00 to be used in conjunction with a like amount from the State for the repair of the Island Ledge Bridge.

Nineteenth—To see if the Town will vote to repair the Town way and highway leading from Ogunquit Beach to Wells Harbor, so called, and raise the sum of one thousand dollars therefor, on petition of Harry Littlefield and 19 others.

Twentieth—To see if the Town will instruct the Selectmen to take proceeding on petition, for laying out a Town way over the Depot Road, so called from the State Aid Highway, near the residence of Mr. Oliver Bennett cross the Boston & Maine R. R. to the New Burnt Mill Road so called on Petition of Wm M. Tripp and 15 others.

Twenty-first—To see if the Town will vote to continue the school at Division No. 7 (Gray's Corner) for the ensuing year on petition of Burleigh Littlefield and nine others.

Twenty-second—To see what sum of money the Town will vote and raise for the transportation of High School scholars for the ensuing year.

Twenty-third—To see what sum of money the Town will vote and raise towards payment of the indebtedness of the Town and interest on said indebtedness.

Twenty-fourth—To see if the Town will vote and raise the sum of \$700.00 for the Superintendent of Schools for the ensuing year, upon recommendation Superintending School Committee.

Twenty-fifth—To see if the Town will vote to continue the school at Division No. 10 for the ensuing year upon recommendation of the Superintending School Committee.

Twenty-sixth—To see what sum of money the Town will vote and raise to be expended by Abraham Lincoln Post, G. A. R. for the observance of Memorial Day.

Twenty-seventh—To see if the Town will vote to raise the sum of \$539.40, the town's share of the joint expenses of State Highway.

Twenty-eighth—To see if the Town will vote and raise a sum of money sufficient to employ a special teacher for the commercial course in Wells High School.

Twenty-ninth—To see if the Town will vote to raise a certain sum of money to be used for the maintenance of the State Aid Road so called starting at Wells Corner and leading to Sanford, to be used in connection with the \$30.00 per mile allowed by the State providing the Town spends a like amount.

Thirtieth—To see if the Town will vote to repair the Townway and Highway from Bald Hill Road to Perkins Town so called and raise the sum of \$200.00 therefor on petition of H. S. Mills and 11 others.

Thirty-first—To see if the Town will vote to change the rate of poll tax and to state the amount thereof.

Thirty-second—To see if the Town will vote to have a patrol on the State Aid Road and raise a sum of money therefor.

Thirty-third—To see if the Town will authorize the town treasurer to borrow money on the credit of the Town and fix the rate per cent and limit the amount to be borrowed.

Thirty-fourth—To see what action the Town will take relative to raising money to pay the amount payable by the Town to the Ogunquit Village Corporation.

Thirty-fifth—To see if the Town will vote to fix the compensation of the Treasurer for the ensuing year.

Thirty-sixth—To see if the Town will vote to fix the compensation of the Tax Collector for the ensuing year.

Thirty-seventh—To see if the Town will vote to issue bonds to raise money to refund any part of its indebtedness.

Thirty-eighth—To see if the Town will vote to raise \$275.25 to pay for the maintenance of street lights already contracted for at Wells Beach and Drakes Island.

Thirty-ninth—To act on report from Memorial Tablet Committee and to see if the Town will vote to raise a certain sum of money to be used for erecting a bronze tablet in the Town Hall with the soldiers and sailors names thereon who served in the World's War from the Town of Wells.

Fortieth—To see if the Town will fix the times in which clams may be taken within its limits, and the prices for which its municipal officers shall grant permits therefor.

Forty-first—To see what sum of money the Town will vote and raise for hydrant rental as per contract.

Forty-second—To see if the Town will vote and raise the sum of \$25.00 to be used as prize money for boys and girls agricultural clubs to be conducted by the Townspeople and the York County Farm Bureau on petition of F. W. Bayley and 10 others.

Forty-third—To attend to any other business that may come before said meeting.

The Selectmen hereby give notice that they will be in session at their office in Wells for the purpose of correcting the list of voters on March 19th and 20th, 1920, from one o'clock to four o'clock in the afternoon and on the day of the meeting at 9 o'clock in the forenoon.

Hereof fail not to make due service of this warrant and a return of your doings thereon at the time and place of this meeting.

Given under our hands this 13th day of March, A. D. 1920.

JAMES E. BREWSTER

GEORGE C. LORD

W. G. COLBY

Selectmen of Wells.
